Violent Crimes / Crimes Against Children

Presentation details:

It's nearly unthinkable, but every year thousands of children become victims of crime—whether it's through kidnappings, violent attacks, sexual abuse, or online predators.

The mission of the FBI's Violent Crimes Against Children program is threefold: first, to decrease the vulnerability of children to sexual exploitation; second, to develop a nationwide capacity to provide a rapid, effective, and measured investigative response to crimes against children; and third, to enhance the capabilities of state and local law enforcement investigators through programs, investigative assistance, and task force operations.
