Lt. General Russel L. Honoré

As the commander of Joint Task Force Katrina, he became known as the “Category 5 General” for his striking leadership style in coordinating military relief efforts in post-hurricane New Orleans. A decorated 37-year army veteran and global authority on leadership and emergency preparedness, Gen. Honoré now shares his no-nonsense approach to getting the job done by showing organizations how to successfully lead and execute a mission.

Authentic, uplifting and never “stuck on stupid,” Gen. Honoré delivers a bracing dose of candor with real-world leadership lessons that will equip attendees with a mindset of global preparedness and instill confidence in tomorrow’s leaders. Gen. Honoré believes waiting until disaster hits and then responding is dealing with problems on the “right side” of disaster, and that we should be dealing with the “left side” of disaster — before it strikes.
