

Director's Community Leadership Award - 2014

The FBI Chicago Field Office honors Christopher W. Helt for his role in helping establish an FBI Explorers Post to benefit Chicago youth. While balancing the demands of his immigration law practice, Mr. Helt also conducted the legal research so the Edwin C. Shanahan Memorial Post #1920 could be recognized as a nonprofit organization. The mission of the FBI Explorer Post is to develop responsible, educated, and capable youth in a community.

In addition to securing the organization's nonprofit status, Mr. Helt currently sits on the Post's Board of Directors. Among his efforts to make the community aware of the FBI Explorer Post, he actively raised funds for it by competing in a local triathlon where he raised \$2,500 in donations to support the Edwin C. Shanahan Memorial Post #1920.

Christopher W. Helt
